Workshop—Free

Registration starts at 9am—speakers start at 9:30am. Breakfast and Lunch provided.

Florida Grazing Lands Coalition (FGLC)

Grazing Workshop

The Florida Grazing Lands Coalition (FGLC) is hosting a grazing workshop to showcase presentations given at the Fourth National Conference on Grazing Lands last December 2009 in Reno, Nevada. These ranchers, from all over Florida, will present their unique problems and challenges. Researchers working on demonstration projects funded by the Florida Grazing Lands Coalition will also be presenting the beneficial information they have collected. Poster presentations will be available to view from past research projects. Come join us for an informative session on grazing management in Florida. There is no fee to attend the workshop.

Highlights

- Topics presented on grazing management
- Research presented on grazing demonstrations
- Workshop—free with lunch provided.

Sponsors:

- Florida Cattleman's Assc.
- Osceola Soil and Water Conservation District
- Florida Grazing Lands Coalition
- Fl sec. Society for Range Management
