

Florida Master Naturalist Program Uplands Course

**Oct. 27 & Nov. 3, 10, 17 & Dec. 1 & 8, 2016
At Riverwoods Field Lab**

The Florida Master Naturalist Program (FMNP) is a statewide program developed by the University of Florida/IFAS that requires 40 educational hours. FMNP classes are perfect for people interested in learning more about Florida's natural ecosystems and conservation issues. The FMNP is appropriate for Florida's citizens and seasonal residents, volunteers & professionals interested in improving their environmental knowledge.

The Uplands course teaches you about Florida's unique flora & fauna found in Hardwood Hammocks, Pine Flatwoods, Scrub, Prairie & Rangeland habitats.

Short Hikes & Field Trips to:

- ◆ Hardwood Hammocks
- ◆ Scrub Communities
- ◆ Pine Flatwoods Habitats
- ◆ Cattle Ranches

Classes are from 8:30 am—5:00 pm
Thursdays for 6 weeks.

Register soon as space is limited!

You must register online: www.MasterNaturalist.org
Courses & Registrations — Uplands — Highlands County

The class cost is \$230 payable online
