

Stephanie Romañach

- Position
 - ▣ **Research Ecologist, USGS**
- Research Interests
 - ▣ **Program: field & ecological modeling**
 - **Large-scale issues in conservation**
 - **Ecosystem restoration & climate change**
- Geographic Area
 - ▣ **Greater Everglades, Peninsular Florida, Southeast, Northeast (Hurr. Sandy), Florida Bay₅₅**

Current Research Projects

- **Joint Ecosystem Modeling**
- **Wildlife Responses to Everglades Restoration**
- **Setting Conservation Targets for Peninsular Florida (PFLCC)**
- **Reserve design for Everglades Headwaters NWR**
- **Habitat Connectivity across Southeast**
- **Ecological modeling in Hurricane Sandy impacted area**
- **Salt water intrusion in a fresh water marsh (bird food)**
