

Climate Change: Challenge & Response

Thomas Pravda

Adviser to the Special Representative for Climate Change

UK Foreign and Commonwealth Office

Tampa, 10 May 2007

Challenge:

- Scale
- Nature:
 - Economic
 - Security

Response:

- Build global low carbon economy
- Cold War: Organizing principle with multiple policies

Response:

- Policies: known, feasible, affordable
- Politics, not Policies

Response:

- Expand limits of the possible by re-framing the debate:
 - Security and Prosperity Imperative
 - Opportunity not Burden
 - Shared Threat, Shared Interests

Conclusions:

- Today Problem, not Tomorrow
- How, not What
- Global Community
